ATTN: Thomas G. McSwiggin, P.E.
Mgr., Permit Section

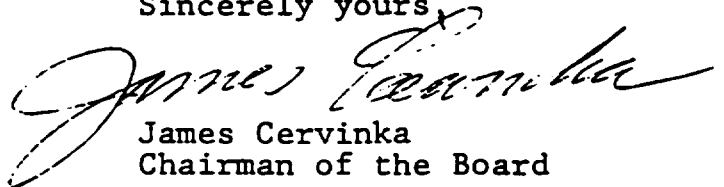

Dear Sir:

We have been retaining the Discharge Monitoring Report forms for a period of six months and then mailing them to the IEPA by January 15 or July 15, as indicated by the enclosed reports.

We note a request has been made to complete the DMR forms and submit them monthly to the EPA.

Since there has been no change in this discharge and it is limited solely to furnace cooling water, we ask if it would be permissible to continue sending our reports as presently, which is by January 15 and July 15?

Sincerely yours,

James Cervinka
Chairman of the Board
